

DHEERU & SIDDHARTH CONSTRUCTION LLP

ERECTION OF PRE-ENGINEERING BUILDING

INSTALLATION OF ALL TYPE COLOR COATED ROOFING

AND CLADDING SYSTEM

Committed to Superior Quality and Safe workmanship.....

WE ARE

We are 30 years' experience in metal roofing, wall cladding & pre-engineered building (PEB) in industrial projects all over India.

We are expert in:

- Replacement of existing sheets with new latest trapezoidal color coated profile sheets with safety, quality & speed without much disturbance to the existing building operations which leads to big saving on cost & time.
- Installation of metal color coated sheets in aluminum plant, steel plant, coal handling plant, Sponge Iron plant, cement plant, power plant, fertilizers plant, Warehouses & automobile industries.
- Installation of Sandwich panel, Rockwool panel & EPS panel.
- Re-Roofing Systems (Installation of new roofing sheets over existing building roof) without any disturbance to the plant.
- Installation of steel deck sheets along with advanced stud fixing technology.
- Annual Maintenance Contract (AMC) of whole plant (replacement of roofing, cladding, gutters, louvers, roof vents & down take etc. & cleaning of roof & gutters).
- Installation of advanced seven layer roofing system in big
- airports. Erection of pre-engineered metal building (PEB).
